EDUCATION

2020 - Present

**Cochin University College of Engineering
Kuttanad, India**

Bachelor in Technology -Information
Technology(Expected graduation: 2024)

PROJECTS

1. Mobile app/Website Review & Ratings

- Developed using CodeIgniter and PHP
- Allows users to rate and review mobile apps and websites

2. Clipit v01

- Command-line application developed using Python

3. Event Management System for Teamone Events & Rentals

- Native Android application
- Ongoing project

SKILLS

The following are abilities that I am competent at:

- Python3
- PHP (CodeIgnitor4)
- C++, C, JAVA
- Git & GitHub
- Pentesting (TryHackMe, HacktheBox beginner)
- Human Resource Management
- Critical and Analytical Thinking
- Self-Learning
- Multilingual - English, Malayalam & Hindi

PERSONAL PROFILE

I'm a highly empathetic person who can connect with others and manage people well. I can rapidly grasp a person's potential and know how to utilize it to get the greatest outcomes for the business or community where I work. I enjoy learning new things and pursuing additional horizons. I enjoy acquiring new abilities. I'm looking for a setting where I can both use and develop the talents I've already accumulated over the years.
